

City of Greenfield Overdose Fatality Review Summary

Recommendations

1. Increase Community Partnerships
2. Increase Education
3. Decrease Stigmatization

In Practice

Completed:

1. Host virtual Narcan trainings to high-risk establishments

In process:

1. Update contact information for healthcare providers, opioid treatment programs and pharmacies in Greenfield
2. Explore opportunities to include Community Services (CMS) peer specialists when completing follow-up on opioid-related referrals
3. Explore partnership with Milwaukee Overdose Fatality Review (OFR) team and Department of Corrections (DOC) to support residents recently released from detention
4. Conduct outreach to high-risk establishments
5. Create a campaign to recognize businesses that have been trained in Narcan
6. Encourage people to visit SAFEGreenfield.com to learn more about opioids

Not yet started:

1. Invite healthcare providers to engage in a virtual conversation to learn more about Narcan-related topics
2. Invite pharmacists to engage in a virtual conversation to learn more about Narcan-related topics

Updates
